

# Versa Print

- Compact - Low Cost - Rugged
- Vibration Resistant
- Dust Tolerant
- Belt Mountable \*
- Easy Paper Loading
- Fast Thermal Printer
- Built-in Contact / Contactless Card Reader
- Built in Bluetooth module

Analogics Tech India Ltd. is specialized in Design, Development and Manufacturing wide range of Hand Held Computers for various Billing solutions over 16 years. Analogics has developed Hand Held computers that are used successfully in various cross-functional applications for commercial, Industrial automation and stands ahead of the competition in innovative race of integrating sophisticated technologies.

Analogics has developed very versatile Blue tooth & USB compatible printer, for mobile applications. The printer works with any programmable java phones through USB port or through wireless Bluetooth. The printer is a user programmable versatile device with optional peripherals like contact/ contactless card reader (or both), optional GPRS/CDMA communication module, finger print scanner etc. the printer works for more than 10 hours with internal battery.

## MODEL No.: ATP500

### Features

- 32 Bit ARM Processor
- Fully User Programmable in high level 'C'
- Stable Real Time Clock with 20 year Calendar
- 512 KB Program Memory
- High Speed USB interface
- Wireless Blue tooth interface for PC java phone communication
- Built-in 3" Thermal Printer
- Built-in 2.2 Ahr Lithium Ion Battery
- Intelligent & Fast battery charger
- Rugged ABS case
- Contact & Conatctless smart card reader\*

### Other Options

- Customized Software
- GSM / GPRS / CDMA Modem \*
- 2" Thermal printer
- RFID / Smart Card\*

### Dimensions

- Height : 138 mm
- Width : 106 mm
- Depth : 48 mm
- Weight : 400 gms.

### Environmental

- Operating Temperature : 0° to 50° C
- Storage Temperature : -20° C to +70° C
- Humidity : 5 - 95% (Non Condensing)

### Thermal Printer

- Printing method : Direct thermo sensitive method
- Paper width : 72mm
- Dot Structure : 576 dots / line
- Dot Size : 0.125 mm x 0. 125 mm
- Printing Speed : 60 mm/s Easy paper loading mechanism

\*Optional Features
