

# TERRAIN

- Compact
- Rugged
- Low Cost
- Vibration and Dust Resistant
- Integrated GSM/GPRS/EDGE/CDMA Module
- Integrated GPS
- Low Power consumption

Analogics Tablet PC (Terrain) can be used in various applications like Security, Rural Banking, Access control, Field Data Applications and many more. Analogics timely up gradation of Hand Held Computer (Terrain) and it has brought a full-fledged machine, which caters to the needs of mobility with user friendly features for whom looking for industrial computers and rugged tablets. It is integrated with a touch screen and QWERTY keypad.

Analogics Terrain is specifically designed to reliably operate in harsh usage environments and conditions, such as strong vibrations, extreme temperatures and dusty conditions. We are designed from inception for the type of rough use typified by these conditions, not just in the external housing but in the internal components as well. In general, ruggedized and hardened computers share the same design robustness and frequently these terms are interchangeable

The challenge of managing and communicating data across different areas of your company is made simple because the Analogics Terrain works with real-time processes and allows for easy networking. Customer will see good returns because of its high performance technology.

## Features:

- Intel Atom Processor
- Win XP 7" LCD TFT Display with Touch Panel
- Integrated 2.0 Mega Pixel Camrea
- Integrated WLAN and Bluetooth
- Integrated GSM / GPRS / CDMA module
- Integrated GPS
- Integrated Contact / Contactless Card Reader
- Compact Lightweight Rugged

## Specifications:

- **Processor and OS** : Intel Atom Processor
- **Memory** : 1 GB DDR2  
8 GB SSD (expandable up to 32GB)  
Removable SD CARD Slot
- **Interface** : RS232, USB 2.0 Host  
USB 2.0 Client, Ethernet
- **Wireless** : Bluetooth  
WLAN (IEEE 802. 11 b/g)  
GSM / GPRS / EDGE / CDMA 1 x
- **Power** : Rechargeable Li-Ion Battery, 5200mAh Capacity  
External adaptor 1AV, 2A input
- **Identification** : Camera  
Integrated RFID (ISO 14443)  
Integrated GPS  
Contact Type Smart Card slot
- **Display and Keypad** : 45 keys Qwerty keypad  
7.0" TFT Display with Touch Panel
- **Indications** : Charge LED / Low Battery (Bi-colour)  
Network LED
- **Operating Conditions** : Temperature (0 – 50 deg C)  
5 – 95% RH (Non condensing)
