

Highlights

- **Simple and Robust Design** : Vaayu Lite has a simple, robust and effective design that is very easy to setup and use.
- **All-in-one Solution** : Vaayu Lite comes with a tablet dock station with inbuilt 2” Thermal printer and the Lite version of the JustBilling point of sales software.
- **Perfect for SMB’s** : Vaayu Lite has been designed for the Small and medium businesses with option to have a standalone store management and point of sale (POS) solution.
- **Small form factor and wireless**: Ensures that very less desk space is used and tablet can be removed from the dock station and still be used for store operations.
- **1 year replacement warranty**

Description

Vaayu Lite was designed for Small and medium businesses like fast food restaurants, QSR’s, cafes, kiosks and pop up store, spa and salon, books and stationary, grocery and many more. Vaayu is one of a kind tablet POS and store management system that is an all-in-one system which comes with a dock station with integrated 2” thermal printer and POS software.

Vaayu Lite is perfect for single location business that typically wants a standalone POS system and does not need a cloud based back office for management. With Vaayu Lite you will get our basic billing, inventory, customer and reports management modules. With its unique DIY or Do it yourself software setup, it is very easy to setup Vaayu and use it.

The dock station comes with a one year warranty and you will also get access to our software support center via email, phone and skype for any software related questions.

The tablet in the picture is for display purposes only and does not come as part of the bundle.

Specification

PT2200B dock station-

Paper Working	Loading way	easy
	Cutting way	Divulsion (dentiform)
Printer Performance	Print method	direct thermal print and auto paper feed
	Printing density	384 dots/line 8 dots/mm
	Printing width	48 mm
	Max printer speed	85 mm/s(max.)
	Dot distance	0.125 mm
	Drawing/Bar code	Word size(WxH mm)
ASCII Character(WxH dots)		16 lattice:8×16; 24 lattice:12×24
ASCII Size(WxH mm)		16 lattice:1×2; 24 lattice:1.5×3
Drawing/bar code		suitable
Testing Method	Lacking paper testing	photo electricity sensor

Control System	Printer interface	TTL,RS232,bluetooth
	Buffer	32k
	Command system	ESC printer command/WH printing command
Power	Working voltage	DC3.5V--9V (from7.2-7.5V,with highest speed and excellent effect)
	Current	2.5A-3A
Printer Mechanism	Printing head lifespan	60km
Paper	Paper item	thermal paper
	Paper width	58mm
	Paper thickness	65±5um
	Diameter of paper roll	40mm
Environment	Operating temperature/humidity	0~50°C/10%~80% RH
	Storage temperature /humidity	-20~60°C, 10%~90% RH
Physics Specification	Dimension (WxHxD mm)	76.8mm*77.4mm*43.5mm
Warranty		1 year
