Bartender Software to design your own labels

Dual Motor Gear with 300 M ribbon capacity

If you run a Grocery Store, you'd need to print Price Labels, Shelf Tags, Bag Delivery Labels, etc. If it is a Jewellery shop you'd need Ring Labels, Custom Order Labels, while a Warehouse needs Barcode Labels, Address Labels, Shipping Labels, etc. Be it the hospitality or healthcare label printing is essential. Whatever be the labelling requirement, there's one printer that meets it all with great speed - Jus'Print Label Printer. Giving your customers all the info they need at a glance. Leaving nothing to chance.

Features

- **Dual Motor Gear:**
Movement of the ribbon and the media are independent. So, the chances of paper jams are almost zero!
- **High Memory Capacity (2 MB DRAM & 2 MB Flash Memory):**
Allows you to download data quickly and store large number of fonts and images. Improves process efficiency remarkably.
- **Higher Ribbon Capacity (300M):**
The best in the category, it lowers the frequency of ribbon change and reduces the standby time in your retail outlet.
- **Free Bartender Software:**
Allows you to design your own labels for each product, offer and season instead of using the same.
