3 inch, 40 Column Dot Matrix printer

Drop & Print

- 5 lines per second speed
- Drop & print loading
- Dual colour printing
- OPOS Compatible

Dual colour printing

OPOS

Software Compatibility

Prints 15 bills per minute

Easy paper loading

Features

- **Ease of loading paper rolls:**
Extremely simple and convenient, so you could start printing in a jiffy. Just drop, Close & print.
- **Enhanced Data Buffer (16KB):**
The best in class, it allows you to print 5-6 bills through memory. Which means faster transactions.
- **Printing speed of 15 bills per minute:**
Your customers need not wait for long at the billing counter.
- **Paper Low, Paper End & Cover open Sensors:**
Indicates well in advance when your printer requires a change of paper roll. So you need not panic at the last minute.
- **Offers dual colour printing option:**
Highlight parts of the bills like discount etc. so your customer could see them clearly.
